

A powerful scanner is in your pocket.

You no longer need to keep piles of paper or stuff your wallet with receipts. The free OKENScanner mobile app works on your mobile device, scans documents into PDFs, and automatically recognizes text.

1. Turn Paper and Whiteboard to PDF

Scan anything in a snap.

With OKENScanner, easily capture and convert documents, forms, business cards, and whiteboards into high-quality PDFs. And with different capture modes along with automatic boundary detection, you can get the best scans every time.

2. AI-Enhanced Scans

Intelligently cleaner and clearer scans.

With the powerful AI behind many of our intelligent features, OKENScanner corrects image perspective and sharpens handwritten or printed text, while removing elements you don't want, like glare and shadow.

3. Edit Freely

Fill & Sign PDF on the go.

Eliminate the hassle of finding a printer, filling a form by hand, and scanning it again. Use OKENScanner to turn paper forms into interactive digital documents you can easily fill out, sign and share.

4. Save pages as JPEG

Do more with your scans.

Flexibility to save as a JPEG to do more with your scans that work on PDFs. Upload to your favorite apps or incorporate your scans into documents.

Our Training Facility

The Training and Research facility includes a Complete compliance analytical laboratory along with classrooms and student break areas. It is fully equipped to allow students the opportunity to put their classroom-acquired knowledge to use and gain experience with the operation of equipment typical of that used in the manufacture and testing of drug products.

Equipment in the facility available for student use includes:

- Waters HPLC with empower 3 software (21 CFR compliant)
- Shimadzu I-2050C HPLC with Lab solutions software (21 CFR compliant)
- Shimadzu Nexis 2030 GC-MS with FID detector with Lab solutions software (21 CFR compliant)
- Lab India Dissolution testers
- Lab India UV-3092 UV-VIS Spectrophotometer with UV-WIN Pro software (21 CFR compliant)
- Lab India KF autotitrator+potentiometer (21 CFR Compliant KAFI SMART+)
- Shimadzu Semi micro balance (AP225WD) (21 CFR compliant)
- Automatic digital refractometer
- pH/conductivity meter (with GLP software)
- Ultrapur water purification system
- Radwag Micro balance
- Atomic absorption spectrometer
- ICP-MS
- XRD
- Photo stability chamber
- CHNSO analyzer
- TGA
- DSC
- Tablet disintegration apparatus
- Friability apparatus
- Shieve shaker
- Bulk/tapped density apparatus
- High shear mixer
- Fluid bed dryer
- Tablet coating machine
- Tablet compression machine
- All wet lab equipments

SS Pharma Solutions
we connect your goal

World Class Pharma Training, Consultancy and Placement services

Our strengths

- 1) **World class training with flexibility of on-line and off-line classes.**
We prefer off-line training as we believe that knowledge can transfer easily from S to S (soul to soul)
- 2) **More focus on Practical training and current industry issues.**
Focus on knowledge of trouble shootings and understanding science behind process to avoid incidents and COPE (Cost of poor execution)
- 3) **Integrating QbD and Lean management approach**
QbD (Quality by Design) ensures quality by employing analytical, statistical and risk based approach with strong scientific knowledge.
- 4) **Training in real time compliance environment**
Laboratory was designed by implementing all quality systems to ensure that students can understand all quality systems.
- 5) **Culturing data integrity practices**
Data integrity is key for success for regulatory compliance. Data integrity will be practiced in all training courses.
- 6) **Android application for on-line support, evaluation and assessments**
Android application is useful for tracking training records, performing assessment tests and evaluating candidate performance.
